Model 726-101 Single-Party Desktop Subset

General Information

The 726-101 Single-Party Desktop Subset provides page and party line communication capability when installed with a remote amplifier. The compact size is made possible by housing most of the support electronics in a separate remote amplifier. The desktop subset is designed for indoor applications, and includes a pressbar handset and an internal speaker with volume control.

Specifications

Material/finish.....	Housing - light gray Cyclac Front panel and base - 16-gauge cold rolled steel with black polyurethane enamel finish
Connections	All connections to the subset are made through an 8-foot multi-conductor cable terminated by a connector that plugs into the bottom of the amplifier enclosure.
Integral speaker.....	3-inch square, 45-ohm, 4-watt, moisture-proof, shielded magnetic pole piece
Temperature range	-22 °F to +158 °F (-30 °C to +70 °C)
Dimensions	9.35 L × 10.46 W × 4.81 H inches (237.5 × 265.7 × 122.2 mm)
Net weight.....	5.8 lbs. (2.6 kg)
Shipping weight	7.0 lbs. (3.2 kg)

Handset

Cable.....	6-foot (1.8 m) extended retractile cord
Material/finish	Light gray Cyclac
Transmitter	10-ohms; pressure differential noise-canceling dynamic
Receiver.....	130-ohms; high-efficiency dynamic, hearing-aid compatible

Approvals

NRTL certified for use in US and Canada.....	Class I, Div. 2, Groups A, B, C, D, when connected to a certified GAI-Tronics 7245 Amplifier Enclosure using a certified GAI-Tronics 723 Amplifier
